The Company

SecureTrading is the UK's leading independent Internet payment service provider with more than ten years experience. The company's bespoke solutions enable online retailers to accept credit and debit cards and alternative payment options such as PayPal and Ukash. In addition, SecureTrading offers a broad range of complementary services such as its unique suite of counter fraud services, which makes it one of the safest ways to trade online.

Next Steps

In the first instance please send your CV to hr@securetrading.com and suitable applicants will be contacted within 3 to 5 working days.

No agencies, thank-you.
